

HEIGHT OF IRONY : THE MONOPOLY GAME

Elisabeth Magie 1904

Patent:

«practical demonstration of the current system», « it contains all the elements of success and failure in the real world, and the goal is the same as the human race in general seems to have, that is: the accumulation of wealth».

«Let children see clearly the gross injustice of our present land system and when they grow up, if they are allowed to develop naturally, the wrong will soon be righted.»

PROBLEM:

IS THE ORGANIZATION WE INHERITED PERENNIAL FOR LIVING BEINGS ?

- A. NO... WE WOULD BE FACING A PARADOX
- B. A SOLUTION : SEPARATE TO ACT AND TO HAVE ?
- C. LIVING PERENNIALITY

A. PARADOX

B. SEPARATE TO ACT/TO HAVE

C. PERENNIALITY

A. PARADOX : SUCCESS ou FAILURE ?

▶ « End of a production » ?
(TV, cars, aircraft, digital network,...)
✓ SUCCESS : everyone is equipped
✓ FAILURE : unemployment

▶ AUTOMATION ?
✓ SUCCESS : EFFORT
✓ Social FAILURE : UNEMPLOYMENT + INEQUALITIES
PRODUCTION

▶ « All human beings are fine » ?
(ex: accidents and diseases divided by 100 everywhere)
✓ SUCCESS : period of peace of mind for the whole Humanity !
✓ Economic FAILURE of Health sector

▶ PRICE ?
✓ PHENOMENALLY CHEAP : No one is capable of producing such a machine in a lifetime
✓ Many will say EXPENSIVE : 3/4 of a month minimum salary
1000 dollars
